

Get Your DC Delivered On Line Now!

Editorial Staff

In case you missed it, the electronic version of *Dynamic Chiropractic* (DC On Line) is now available on our website (www.chiroweb.com).

The latest addition to DC On Line is "DC News Update," a free electronic newsletter that gives you the headlines of featured stories and articles that are on DC On Line. DC On Line is published approximately two weeks before the printed version of *Dynamic Chiropractic* arrives at your doorstep. Internet users are just a click away from reading selected news stories and articles without waiting for the printed publication to arrive.

To begin receiving your free "DC News Update" newsletter, visit our website at chiroweb.com, click on the "DC News Update" link and fill out the online application. Be sure to include your full name, address and e-mail address in your message. If your browser does not support forms, please send an e-mail to list@dcmmedia.com.
