

## New Regents Named at Texas Chiropractic College

Editorial Staff

PASADENA, Texas -- Six new members of the 31-member board of regents for Texas Chiropractic College were recently named. The chiropractic representatives are:

Kerwin Winkler, DC, FICC

Bruce Gunderson, DC, FACO

Robert Novak, DC, PA

The non-chiropractic appointees were: Attorney Wesley Hocker; Sam McConnell, president and chief operating officer of RHE, Inc.; and Johnny Blau, vice president, southern region, Houston Lighting & Power Co.

New executives for the board of regents were also announced:

*Charles Priewe, DC, chairman*

*Richard Brassard, DC, vice chairman*

*Sandy Kite, treasurer*

*Walter Aymen, secretary*

*Dr. Roger Canard, parliamentarian*

### Cleveland KC to Host Chiropractic Games

The sixth annual Chiropractic Games will take place in Kansas City, Sept. 25-27, with as many as 1,500 students from more than 12 chiropractic colleges competing in 14 events.

The Chiropractic Games began in 1992 at Logan College of Chiropractic as the idea of then student (now doctor) Karm Virk. The event moved to Parker College for the second tournament in 1993.

In 1995, nine schools convened at Palmer College in Davenport, Iowa for the Chiropractic Games to pay homage to the chiropractic centennial celebration.

Last year the event was held at Parker College in Dallas.

"This is our chance to show chiropractic students from across the country our pride in CCC and Kansas City," said Ron Miller, coordinator for this year's Chiropractic Games.

This year's events include: basketball; softball; mountain biking; ice hockey; powerlifting; volleyball; football; indoor soccer; swimming; tennis; golf; rugby; track and field; and a 5K run.
