

# Mercy Center Conference Guidelines to Be Distributed to All U.S. Chiropractors

GENEROUS DONATIONS MAKE COMPLETE DISTRIBUTION A REALITY

Editorial Staff

The requests for information on the Establishment of Guidelines for Chiropractic Quality Assurance and Standards of Practice (Mercy Conference Guidelines) have been non-stop. The response from the profession has been overwhelming. Everyone is asking, "When can I get a copy? How do I order one?"

Thanks to the generosity of several of the most prominent companies in the chiropractic profession, every chiropractor in the United States will receive a copy of this important document AT NO CHARGE. This will allow every chiropractor the opportunity to examine the recommendations, consider their applications, and present a written response.

The approximately 350 page guidelines document will be mailed to each chiropractor who is a NCMIC policy holder; a Foot Levelers client; an OUM Group policy holder; or receives Dynamic Chiropractic. The organizations who are donating the money to make this possible are:

*NCMIC*

*Foot Levelers, Inc.*

*OUM Group*

*Leander Health Technologies*

*Activator Methods*

*Motion Palpation Institute*

*Society of Chiropractic Management Consultants*

*Synergy*

*Visual Odyssey*

The copies are expected to be mailed in late May or early June. Please alert your staff.

[Please note that this article is provided on a historical basis. The Mercy Guidelines were distributed in June, 1992. Copies may be purchased by calling 1-800-359-2289]
