

Alaska Isn't Just For Polar Bears!

Editorial Staff

When you think of Alaska, do you picture a vast, frozen tundra with little to see or do? Snow, snow and ever more snow? Then read on.

Alaska is one of the world's best-kept vacation get-away secrets that we would like to share with you!

Alaska is much, much more than most people ever imagine. MPI would like to invite you to experience Alaska's magnificence our way -- aboard a luxurious ocean cruise-liner for seven glorious days, May 31-June 7. Dr. Hammer's Soft Tissue (ST) seminar will take you aboard a luxurious cruise-liner, the Pacific Princess from Vancouver to Anchorage into the land of some of the world's most scenic and fascinating wonders -- all at a very special low cost.

Aboard ship, you'll enjoy all the modern conveniences and comfort you would expect from any luxury resort while exploring the natural wonders of the state of Alaska, Princess-Cruise style. On this passage into the land of the midnight sun, you'll discover:

- a never ending procession of marine life (home to the Killer whales, 30-foot Minke whales and the 50-foot Humpback whales) - a glacier-watcher's paradise - a salmon fisherman's dream - breathtaking skies where eagles still rule - morning traffic Alaska-style (thundering herds of caribou) - playful harbor seals, sea otters, sea lions and porpoises - goats and bears who love to people-watch - the ancient experience of the Alaska gold-rush

and many more exciting and memorable attractions that you can find no where else.

Call the Chiropractic Travel Desk for complete details on this fabulous cruise package at 1-800-345-8785. The Chiropractic Travel Desk has arranged for reduced air fares, with possible free air travel from some cities. (Special restrictions apply.)

Dr. Hammer will conduct his Soft Tissue seminar on board ship. The seminar is being co-sponsored by Cleveland Chiropractic Colleges and we have applied for license renewal credits for this 12-hour course. Chiropractors will learn special treatment procedures, using transverse frictional massage therapy and the adjustment of soft tissue lesions of the shoulder, elbow, wrist, hip, knee, ankle and foot. Dr. Hammer's biomechanical expertise is the result of 40 years of study and lecture on the non-surgical treatment of soft-tissue lesions.

Cost of seminar registration for the Soft Tissue seminar is \$295 for first-time doctors or \$115 for 2nd or 3rd time. You may register by mail, or using your Visa or MasterCard you may call the Chiropractic Travel Desk to register for Dr. Hammer's vacation cruise seminar May 31-June 7. The number to call for seminar registration is 1-800-345-8785.

If you're checking your calendar, you'll note that the seminar cruise will place you in Anchorage just in time to attend the ACA convention too!
