New Jersey DC Moves Up in the World of Politics

Dr. Timothy Eustace, a doctor of chiropractic from Maywood, N.J., who has practiced in Maywood for the past 25 years and served as the town's mayor since 2007, was elected to the New Jersey General Assembly in November. Dr. Eustace, a longtime member of the Association of New Jersey Chiropractors (ANJC), begins serving the 38th District (Bergen County) this month.

Dr. Eustace is a 1985 graduate of the [now-defunct](#) Pennsylvania College of Chiropractic. Prior to becoming mayor, he served 13 years on the Maywood borough council, and also served as president of the Chamber of Commerce and Maywood Rotary. In 2011, Dr. Eustace was nominated as the Democratic candidate for the vacated General Assembly seat following statewide redistricting.

Parker Continues Support of Susan G. Komen Walk

Parker University served as the official chiropractic partner for the [Susan G. Komen Dallas / Fort Worth 3-Day for the Cure](#) Nov. 4-6, 2011. Parker has partnered with the event, which covers 60 miles over three days (20 miles per day), for seven consecutive years. Throughout the three days, Parker students and faculty adjusted an estimated 730 people and also assisted by applying elastic therapeutic tape, making ice bags, treating blisters, and taping sprained ankles and knees.

Participating in the event were Drs. Lori Baggett, Troy Liming, Rindy Matthews, Sandra Norton, Leon Tom and David Walters, joined by Parker students Bradley Baker, John Barrington, Christopher Cochran, Kevin Ethridge, Ryan Hooper, Kamaldeen Isiaka, Catherine Kuiken, Eric Naal, Thuy Nguyen, Kendra Ann Pomeroy, Justin Thompson, Kimberley Wells, Jack Wells and Javier Zapata.

"It was important for us to provide chiropractic care and ancillary services to the walkers so we could assist them in their goals of standing up for breast cancer by participating in [this] physically strenuous event," commented Dr. Walters, a professor at Parker University. "Many walkers trained for the event, but their bodies sometimes don't respond to the arduous physical demand of being outdoors and exposed to the elements for three days. The chiropractic adjustments and ancillary services enabled them to continue their journey with less discomfort and more enjoyment while supporting breast cancer research and programs."

Chiropractic Acupuncture in the Spotlight at Joint Symposium

The ACA Council of [Chiropractic Acupuncture](#) (CCA) and the American Board of Chiropractic Acupuncture (ABCA) held their latest joint symposium in Chicago Sept. 23-25, 2011, with the ABCA administering its fourth diplomate examination and welcoming 10 new diplomates. Dr. Todd Frisch was re-elected as CCA president for an additional year, while Drs. Jon Sunderlage and Richard

Yennie were inducted into the Chiropractic Acupuncture Hall of Fame. The 2012 symposium will be held Sept. 28-30 in St. Louis; the CCA will administer its next diplomate exam on Sept. 28.
