

New ChiroPoll Lets Users Add Comments

Editorial Staff

The popular ChiroPoll section of ChiroWeb has been revised and expanded. Now after you respond to the polling question, you may leave a comment. When you click the "Record My Vote" button, your comments and the latest poll results will appear on a corresponding page.

When we publish the results of the poll in the printed version of *Dynamic Chiropractic*, selected comments will also be printed.

Users can visit ChiroPoll at www.chiroweb.com/chiopoll.
